With a near zero employment turnover rate in combination with over 20 years experience manufacturing parts for Uniloy® machinery, our aftermarket parts are manufactured with fit and finish equal to or better than the OEM.

Self-manufacturing allows Adrian Tool to control material specs, tolerances and complete part interchangeability.

Specializing in after market replacement parts for Uniloy® model 250R, 350R, 400R and

Liberty™ blow mold machinery Adrian Tool Corporation is the true choice for OEM quality.

Ball Spline Assemblies, Clamp Rebuild Kits, Aluminum Swing Arms Assemblies, Cooling Bed and Trimmer parts are just a few of the products Adrian Tool has to offer.

Don't risk your investment with parts from companies that sacrifice quality for lower cost.

Experience the difference with Adrian Tool Corporation.
